

## Resources: Augmentative Alternative Communication

### General AAC Websites from the University of Washington:

<http://depts.washington.edu/augcomm/>: A great introductory site which explains the foundation of AAC assessment and dynamic treatment. This includes modules such as: the continuum of communication independence, selecting AAC vocabulary, and understanding AAC features.

<http://depts.washington.edu/enables/> : A site demonstrating how AAC/AT enables people with disabilities to participate in all aspects of life.

[http://faculty.washington.edu/dowden/aac\\_ed\\_resources\\_intro.html](http://faculty.washington.edu/dowden/aac_ed_resources_intro.html): Contains a [link](#), to other resources in AT/AAC including Seattle and Puget Sound Resources, online resources/courses/webcasts, etc.

### Other AAC Information Sites:

[AAC Intervention.com](http://AACIntervention.com)
